The Midwest Academy of Management welcomes you to submit your work to the 65th Annual Conference in Detroit, MI (hosted by the University of Michigan, Dearborn, College of Business). We welcome papers, symposia, presentations, conversations, and creative ideas that provide a positive impact in propelling us forward in the shadow of today's hardships and grand challenges confronting business and society.

In addition to our annual **Doctoral Student Consortium**, we are introducing two new consortia dedicated to professional development – the **Junior Faculty Consortium**, and the **Strengthen Your Teaching, Research, & Service (Clifton Strengths) Consortium**. Both of these are offered on Thursday, October 13, 2022. If you are a conference attendee, you are allowed to enroll in only one of our three consortia offerings since they will be offered concurrently on the same day. Preference will be given to first time attendees.

In addition to the traditional academic disciplinary tracks, we plan to host a **Business Practitioner Track** for practicing professionals. This track specifically invites practicing business professionals to engage in advancing thought leadership through their submission of short reflective and insightful essays (5-10 pg.) that address the conference theme from their practice perspective. Practicing professionals in this track benefit from the dialog and feedback from reviewers and conference attendees, and the partnering opportunities to collaborate with academic scholars on future research or scholarly practice publications.

Also, this year we plan to hold a separate **Professional Development Workshop Track** dedicated to discussions and activities on varied topics relevant to both academics and practitioners. Experiential teaching exercises and professional panels are welcome here.

We welcome collaborative paper sessions, symposia, professional development workshops and other sessions related to the theme as well. Submit your research papers, symposia proposals, professional development workshop proposals, short papers, and other creative works. Acceptance decisions will be made by early **August 2022**.
